

ASSIGNMENT 6

GPS Location Tracker

SHASHANKA VENKATESH - 185001145

16th October, 2021

Learning Objective

Develop a native application that uses GPS location information

XML (activity_main.xml)

```
1 <?xml version="1.0" encoding="utf-8"?>
2 <LinearLayout xmlns:android="http://schemas.android.com/apk/res/android"
3     xmlns:app="http://schemas.android.com/apk/res-auto"
4     xmlns:tools="http://schemas.android.com/tools"
5     android:layout_width="match_parent"
6     android:layout_height="match_parent"
7     tools:context=".MainActivity"
8     android:orientation="vertical"
9     android:gravity="center_horizontal">
10
11     <TextView
12         android:layout_width="match_parent"
13         android:layout_height="wrap_content"
14         android:fontFamily="@font/roboto"
15         android:text="Enter the name of any place to get its Latitude and
16         Longitude values"
17         android:textSize="25sp"
18         android:layout_margin="20dp"/>
19
20     <EditText
21         android:id="@+id/placeEditText"
22         android:layout_width="match_parent"
23         android:layout_height="wrap_content"
24         android:hint="Place Name"
25         android:fontFamily="@font/roboto"
```

```

25         android:textSize="20sp"
26         android:layout_margin="20dp"
27         android:inputType="text"
28         android:maxLines="1"/>
29
30     <TextView
31         android:id="@+id/latitudeTxt"
32         android:layout_width="match_parent"
33         android:layout_height="wrap_content"
34         android:fontFamily="@font/roboto"
35         android:textSize="20sp"
36         android:layout_margin="20dp" />
37
38     <TextView
39         android:id="@+id/longitudeTxt"
40         android:layout_width="match_parent"
41         android:layout_height="wrap_content"
42         android:fontFamily="@font/roboto"
43         android:textSize="20sp"
44         android:layout_margin="20dp" />
45
46     <Button
47         android:id="@+id/getBtn"
48         android:layout_width="wrap_content"
49         android:layout_height="wrap_content"
50         android:fontFamily="@font/roboto"
51         android:text="Get Coordinates"/>
52
53 </LinearLayout>

```
